

Kod	Name	Price
B01.066.001.01	First appointment (examination, consultation) with dentist-orthopedist (incl. treatment planning)	512
B01.066.002	Next appointment (examination, consultation) with dentist-orthopedist	227
A16.07.023.01	Full removable laminar dentures prosthesis (FRLD of upper OR lower jaw with plastic teeth mounted in orthognathic way, 14 teeth)	8891
A16.07.023.02	Full removable laminar dentures prosthesis (FRLD of upper OR lower jaw with plastic teeth mounted in orthognathic way, 28 teeth)	15901
A23.07.002.009.02	Manufacture of removable denture from thermoplastic material (FRLD of upper OR lower jaw manufactured by pressing, plastic cost excluded)	9122
A23.07.002.009.03	Manufacture of removable denture from thermoplastic material (FRLD of upper AND lower jaw manufactured by pressing, plastic cost excluded)	16221
A23.07.002.066.01	Thermoplastic injection in manufacture of removable denture (Acry Free (Perflex))	992
A23.07.002.066.02	Thermoplastic injection in manufacture of removable denture (T-Crystal (Perflex))	1535
A23.07.002.049.01	Manufacture of metal ceramic tooth	8409
A23.07.002.054.01	Manufacture of metal ceramic (porcelain) crown	8409
A23.07.002.049.02	Manufacture of metal ceramic tooth (full milled cobalt-chromium framework)	9559
A23.07.002.054.02	Manufacturing of metal ceramic (porcelain) crown (full milled cobalt-chromium framework)	9559
A23.07.002.049.03	Manufacture of metal ceramic tooth (implant)	10806
A23.07.002.049.06	Manufacture of metal ceramic tooth (zirconium oxide ceramic crown, 1 unit)	13734
A23.07.002.054.05	Manufacture of metal ceramic (porcelain) crown (zirconium oxide ceramic crown, 1 unit)	13734
A23.07.002.054.06	Manufacture of metal ceramic (porcelain) crown (zirconium dioxide full milled crown of full anatomical shape)	10271
A16.07.003.04	Restoration of tooth with dental inlays, veneer, partial crown (ceramic veneer manufactured by pressing (e. max)	13674
A23.07.002.054.07	Manufacture metal ceramic (porcelain) crown (ceramic crown manufactured by pressing, e. max)	13866
B01.065.007.02	First appointment (examination, consultation) with dentist (incl. treatment planning)	512
B01.065.008	Next appointment (examination, consultation) with dentist	227
B01.003.004.002	Regional anaesthesia	273
B01.003.004.004	Topical anesthesia	116
B01.003.004.005	Infiltration anesthesia	237
A06.03.002	Computed tomography of facial skull	1575
A06.07.003	Periapical intraoral contact X-ray	303
A06.07.004	Orthopantomography	750
A06.30.002	Description and interpretation of radiographic images	74
A06.30.002.001.01	Description and interpretation of computed tomography scans (CT interpretation by dentist)	352
A06.30.002.001	Description and interpretation of computed tomography scans (CT recording on CD/DVD)	242
A16.07.050.02	In-office professional teeth whitening (HF anf LF "ZOOM" device)	12157
A16.07.051.02	Professional oral and dental hygiene (Air-Flow ultrasonic scaling, polishing, fluoridation, more than 8 teeth)	2792
A16.07.051.03	Professional oral and dental hygiene (Air-Flow ultrasonic scaling, polishing, fluoridation, more than 12 teeth)	3647
A16.07.019	Provisional splinting in periodontal diseases (1 tooth)	870
A16.07.038	Open flap surgical debridement in periodontal diseases in tooth region	760
A16.07.039	Closed flap non-surgical debridement in periodontal diseases in tooth region	343
A16.07.045	Vestibuloplasty (surgery)	2345
A11.07.027	Application of devitalizing paste (for pulpitis treatment)	665
A16.07.002.009	Application of temporary filling	111
A16.07.002.010.01	Tooth restoration with filling. Black's I, V, VI class with use of photopolymer materials	2749
A16.07.002.011	Tooth restoration with filling with violation of contact points. Black's II, III class with use of photopolymer materials	3292
A16.07.002.012	Tooth restoration with filling. Black's IV class with use of photopolymer materials	3723
A16.07.003.05	Restoration of tooth with dental inlays, veneer, partial crown (dental caries treatment using restoration photopolymer composite material: 4 or more tooth surfaces)	6316
A16.07.008.002.01	Filling root canal of tooth with gutta-percha points (1 unit)	74
A16.07.009.02	Pulpotomy (amputation of crown pulp)	86
A16.07.010	Pulp extirpation (from 1 tooth canal)	125
A16.07.030.001	Good root canal treatment with dental device or medication	902
A16.07.030.002.01	Poor root canal treatment with dental device or medication	1257
A16.07.030.003	Temporary filling of root canal with medication	547
A16.07.082.001.02	Unfilling of root canal previously treated with paste (manually, 20 minutes)	883
A16.07.082.001.05	Unfilling of root canal previously treated with paste (automatically, 20 minutes)	1340
A16.07.082.001.07	Unfilling of root canal previously treated with paste (partial unfilling for dental build-up or bridge)	652
A16.07.091	Removal of temporary filling	111
A16.07.092	Trephination of tooth, artificial crown	97
A16.07.093.02	Fixation of intracanal post/inlay (glass fiber post)	1036
A16.07.094	Removal of intracanal post/inlay (extraction of extraneous body from root canal)	771
A16.01.004	Wound or infected tissue debridement	365

A16.07.001	Tooth extraction	1264
A16.07.001.001	Temporary tooth extraction	665
A16.07.001.003.02	Complex tooth extraction with root separation (using dental drill)	2376
A16.07.007.01	Root apex resection	5133
A16.07.024.01	Surgical extraction of impacted, embedded or supernumerary tooth (impacted)	4988
A16.07.026	Gingivectomy (1-2 teeth region)	469
A16.07.040	Flap surgery in oral cavity (1 tooth region)	1126
A16.07.041	Bone grafting in maxillofacial region (guided bone regeneration procedure)	11335
A16.07.041.001.01	Bone grafting in maxillofacial region using bioabsorbable materials ("Emdogain" procedure in region of 3 teeth)	19652
A16.07.041.001.04	Bone grafting in maxillofacial region with use of bioabsorbable materials ("Bio Oss" 1.0 g)	16445
A16.07.041.001.18	Bone grafting in maxillofacial region using bioabsorbable materials ("SureOss" (chip) 1.0 c.c.)	9335
A16.07.041.001.25	Bone grafting in maxillofacial region using bioabsorbable materials ("Bio Gide" membrane 25*25)	15115
A16.07.041.001.31	Bone grafting in maxillofacial region using biodegradable materials ("Evolution" membrane 30*30)	13666
A16.07.041.001.43	Bone grafting in maxillofacial region using bioabsorbable materials (GENESIS bone allograft block, 10*10*10)	14090
A16.07.042	Upper lip frenectomy	1095
A16.07.044	Tongue frenectomy	738
A16.07.054.01	Osseointegrated dental implantation (dental implant removal procedure)	5202
A16.07.054.02	Osseointegrated dental implantation (1st dental implant placement, implant cost excluded)	11618
A16.07.054.06	Osseointegrated dental implantation (microimplant insertion procedure, implant cost excluded)	5371
A16.07.054.11	Osseointegrated dental implantation (Y-shaped microplate insertion)	2673
A16.07.054.15	Osseointegrated dental implantation (use of orthodontic microimplant)	5560
A16.07.054.20	Osseointegrated dental implantation (use of Alpha-Bio "NEO C" implant)	8150
A16.07.054.21	Osseointegrated dental implantation (use of HI-TEC IMPLANTS implant)	10234
A16.07.054.24	Osseointegrated dental implantation (use of NobelActive implant)	22834
A16.07.054.31	Osseointegrated dental implantation ("Alpha-Bio" gingiva former insertion)	2186
A16.07.054.32	Osseointegrated dental implantation ("Nobel" gingiva former insertion)	3771
A16.07.054.34	Osseointegrated dental implantation ("HI-TEC IMPLANTS" gingiva former insertion)	2322
A16.07.054.37	Osseointegrated dental implantation (ALL-on-4 dental implantation procedure)	189 973
A16.07.054.40	Osseointegrated dental implantation (use of Hiossen TS III SA implant in calcium solution)	7875
A16.07.054.44	Osseointegrated dental implantation (Osstem gingiva former insertion)	1837
A16.07.054.45	Osseointegrated dental implantation (IZC orthodontic miniscrew insertion)	6576
A16.07.055.01	Sinus lift (bone grafting, osteoplasty) (direct)	13163
A16.07.055.02	Sinus lift (bone grafting, osteoplasty) (indirect)	7645
A16.07.097.02	Suturing of oral mucosa ("Monosyn" suture material, up to 5 sutures)	562
